

Sinclair Broadcasting's decision to force their stations to air, in prime time, an anti-Kerry documentary days before the election provides the strongest argument against media consolidation.

The use of the public airwaves free of charge, obligates you by law to serve the public interest. Electioneering without rebuttal is a perversion of mass communication and requires the electorate and the consumer to work for stronger protections from this abuse, as well as take actions to demonstrate consumer dissatisfaction.

Thank you.
